

Looking for Projects with Modular Block Walls

Attention all Designers and Reviewers,

The INDOT Retaining Wall Committee is interested to know of any State-designed or LPA-designed projects you have where modular block walls are proposed to be used, and an individual block's face area is greater than 1.0 ft². If you have such a project, please provide the following information:

primary des #

current RFC date

plan status (PFC, FFC, etc).

Please email this information to Tony Uremovich at turementovich@indot.in.gov

Thank you
